In-Store Services and Service Calls Effective 07-01-2022

- \$55.00** Remove Windows passwords, test & replace power supplies, install PCI cards & other peripherals (no additional service within the Windows operating system)

- \$55.00** Desktop & Laptop Computer Diagnostics - 50% of diagnostic fee is discounted if computer is repaired

- \$85.00** Operating System Cleanup (running slow NOT due to malicious infection) - including driver installations

- \$105.00** Repairing or replacing motherboard on a laptop computer - plus the cost of the hardware.

- \$105.00** Fresh install Windows operating system (or manufacturer's Factory Image Restore) with NO data backup - includes installation of all Windows updates (including service packs, browser, media player, .NET frameworks, etc.), all Java updates, Adobe Reader, and antivirus software (if provided). *This process provides a speedier turn-around time*

- \$130.00** Fresh install Windows operating system (or manufacturer's Factory Image Restore) WITH customer's data backed up (music, movies, financial databases, Excel files, Word documents, PowerPoint presentations, email databases, etc.) Applications, programs, peripherals (printers, scanners, digital cameras, etc.) CANNOT be backed up & must be reinstalled after the customer receives back his / her computer. Also includes installation of all Windows updates (including service packs, browser, media player, .NET frameworks, etc.), all Java updates, Adobe Reader, *once on the bench, this process takes two to four days depending upon how much backup is required & how badly infected the data.*

\$65.00 "Rush" Expedited Service - Typical turnaround time for expedited service ranges from two to five business days once work begins, and this fee is in addition to any other shop fees incurred for required services. There is no guaranteed turnaround time. Standard shop fees apply.

\$120.00 "Mission Critical" Expedited Service - Guarantees that your computer will be looked at the day it is dropped off for repair. Turn-around time, as with our other services, is contingent upon labor & hardware (if applicable) to bring your computer back to health. This service is primarily focused toward our business customers with time-sensitive information stored on the sick computer. Standard shop fees still apply. As with "Rush" service, there is never a guaranteed turnaround time.

\$145.00 Replace the DC Jack on a laptop (AC adaptor connection).

\$165.00 Approximate cost to replace broken LCD / LED on laptop. Price could change according to the cost of the hardware.
